Dear Hiring Team,

I'm writing to express my strongest interest in the devops Engineer Position in your organisation.

I'm **certified Kubernetes Application developer** as well as completed **Google Cloud Associate Cloud Engineer Certification**.

I have strong experience in container technologies like **Kubernetes, docker** as well as well versed with deployment automation tools like **jenkins , bladelogic**.I do have experience in GCP cloud provider, having exposure to deploy the infrastructure in same. Adding to this , I have experience in **prometheus, grafana monitoring** tools. Have build the **custom dashboard in grafana** as per the project needs and also written the **custom exporter in prometheus**.

Additionally, I'm familiar with the agile methodologies as I'm having exposure to Scrum Master role.If you have any questions feel free to contact me on 8237037208.

I'm looking forward to hear from you. Thanks!

Regards,

Pravin Patil
